Smoke Alarm Detector
LSAD-01

FEATURES

- Photoelectric detection method
- Digital Signal Processing analyses technique
- Low power consumption,
- High stability
- Easy installation

Product Specification

Parameter	Specification
Operating Voltage	9~14V(220AC with adapter)
Operating Current	≤50mA
Detecting Area	20 Square Meter
Working Temperature	-10°C~60°C
Working Humidity	≤95% RH
Sensitivity	II Grade
Alarm Type	Network Alarm Output
Alarm Output	NC/NO(Contact DC28V 100mA)
Installation Method	Ceiling Mount
Dimension	104*51mm

Ordering Information

Part Number	Description
LSAD-01	Smoke Alarm Detector
